

# Fall Family Fun Scavenger Hunt

Which animal could it be? Use the clues to find out!

1. I'm one in a million, but everyone in the flock looks just like me. Some people think I can't fly, but I can. When you think of the Caribbean, you'll think of me. Who am I?
1. I bark, but I'm not a dog. I'm red and white, but not a fox. My name is made of something that a lion has and something that a dog was. Who am I?
1. Our prairie homes are dangerous, and it's not safe to go alone. Some of us keeps watch for predators while the others do their daily chores. At the sound of their sharp alarm, we dive underground. What are we?
1. I'm a large animal, with dark fur and sharp claws. I'm not a picky omnivore: i'll eat fish, meat, berries, and other plants before my winter slumber. When I emerge, it'll be Spring! Who am I?
5. Our house is made of wood, filled with hay and others of my kind. We're domestic animals, but not all of our kind are. One might say, why the long face? Who are we?
5. Look for me beside another who's at the top of their game. We carnivores compete for meat, but I can crunch through solid bone. Despite the way some movies make me seem, I'm just a simple predator. Who am I?
5. My family and I are either tan or black. Our arms reach to the sky as we swing from vine to vine. Many call us monkeys, but we're apes, just like you! Who am I?

Now that you've finished your scavenger hunt, stop outside our Animal hospital for a family photo!
